

## Circuit Prayer Day

**10 January 2026 | Heaton Moor United Church**

On Saturday we held a Circuit Prayer Day to kick off 2026 as a year to pray for our circuit. Each church chose a theme and prepared a prayer table, these included creation, the world, older people, journeying with God. It was really interesting to see how the different churches had interpreted this idea.

Over a 100 people visited throughout the day and engaged with the stations writing prayers and spending time to reflect on the themes. It was very encouraging to see that, for so many, this is a significant part of their personal devotion. A chance to stop and chat over refreshments with friends from around the circuit was also important, so thank you to all the churches for your 'hosting hour'.

On the hour Rev Jan led a short prayer for those that were gathered at that time. As a bonus, just after 2.15pm it was also announced that Macclesfield FC had just knocked the holders Crystal Palace out of the FA cup!

On the following page are photographs of the tables from all the churches, please do enjoy looking at them and continue to pray for the different situations that these highlighted. The pieces of paper from the various stations that had been written on were gathered up at the end of the day and will be used to form some sort of 'artwork'... watch this space.

We are hoping to hold another Circuit Prayer Event in the spring, so do look out for further information.
